Heavy duty: Dilute 20 to 50ml B109 per litre of warm water (1-50 to 1-20).

Always pretest carpet or fabric for colour fastness and possible colour or texture change before proceeding. Do not use on water sensitive fabrics.

Alternatively, apply B109 solution by pressure sprayer after normal cleaning procedure. Upholstery fabric should be rinse extracted or sprayed with B109 solution and then blotted with a clean white towel.
