## **Wessex Cleaning Equipment and Janitorial Supplies** **Statement on Brexit**

We can confirm that we have plans in place to address the challenges that may arise when the UK leaves the EU in March 2019 and we regularly discuss and monitor the situation at Management Meetings.

However, the majority of Wessex's products are sourced either from the UK or China and as such we should have little and controllable impact post-Brexit. As such, all being well, supplies to our customers should not be affected.

For products that are sourced within Europe and carry a risk of supply, we have a number of alternative suppliers UK based to fill any potential gaps in supply.

It is an ever changing situation but we will do our best to minimise disruption to supplies to all of our customers.
